Chairman
House Committee on Transportation and
Infrastructure

The Honorable Garret Graves
Ranking Member
House Committee on Transportation and
Infrastructure

Dear Chairman DeFazio and Ranking Member Graves:

I respectfully request funding for the following Member Designated Project to be included in this year's surface transportation authorization legislation: West Warren Avenue Complete Street.

The project sponsor for this project is the City of Longwood, located at 175 West Warren Avenue, Longwood, FL 32750.

This project is located along West Warren Avenue between State Road 436 and South Milwee Street in Longwood, Florida (Zip Code 32750). The funding will be used to design a Complete Streets configuration that adds pedestrian and bicycle facilities and improves stormwater management in the historic downtown.

The project is an appropriate use of federal taxpayer dollars because the region is seeking to develop safer transportation options to enable pedestrians and cyclists to access key community infrastructure including, Longwood city hall, police department, fire department, public parks, and public transportation.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,
